

\$1,000 CIVIL ENGINEERING SCHOLARSHIP

The California Transportation Foundation (CTF), a nonprofit organization, announces two \$1000 Civil Engineering (CE) Scholarships. Applicants must be a college/university undergraduate majoring in Civil Engineering and interested in a career in transportation and affiliated with Caltrans in some way. Current student assistants, volunteers, employees and sons or daughters of Caltrans employees are eligible. The scholarship is competitive and based on the applicant's commitment to a career in transportation, current job skills, and academic record. Financial need may be considered, but is not a primary factor.

Applicants must meet the following general criteria:

1. Must be a United States citizen or permanent resident.
2. Must be affiliated with Caltrans.
3. Cannot have received a CTF scholarship within the last two years.
4. Must plan to pursue a career in transportation after graduation.
5. Must provide an official transcript and proof of current enrollment.
6. Must provide two sealed letters of recommendation: one from faculty member and one from his/her supervisor.

*The **Civil Engineering Scholarship** is supported by a gift to CTF. One of the scholarships is awarded annually by CTF in memory of George Langsner, a California Freeway design pioneer. The other annual scholarship is supported by a gift to the Foundation. Both are endowed and their funds are administered by CTF, a nonprofit organization established in 1988 to "Promote and Recognize Excellence in California Transportation." It is a 501(c) 3 charitable organization with tax exempt status. The Federal EIN # is 68-0165257.*

Submit completed applications to:

Department of Transportation
Division of Human Resources
Office of Examinations and Special Programs (MS 90)
Attention: Therese Lozano
P.O. Box 168037
Sacramento, CA 95816-8037
